ERRATUM

In the article by Jawaid and Othman, “Artificial intelligence: an innovative approach to prognosticate the outcome of colonic resection” (Gastrointest Endosc 2022;96:673-4), the word “prognosticate” was misspelled in the title. The publisher would like to apologize for any inconvenience caused.

Endoscopedia

Endoscopedia has a new look! Check out the redesign of the official blog of GIE and VideoGIE. Use the QR code to connect to the latest updates or visit us at www.endoscopedia.com.
